- ✓ From Kathmandu Durbar Square to Lalitpur Durbar Square
- ✓ Walk together for about an hour in solidarity
- ✓ Pink for breast cancer awareness

PURPOSE & IMPACT

Why We Walk: Early Detection Saves Lives

1

Promote Early Detection

Breast cancer detected in early stages has over 90% treatability. PinkWalk educates women and families on regular Breast Self-Examinations (BSE) and mammography screenings.

2

Break Social Stigma

Open health dialogues eliminate hesitation around breast healthcare in Nepali society, encouraging timely consultation with healthcare providers.

3

Support Patients & Survivors

Partnering with Cancer Care Nepal to provide medical guidance and financial treatment assistance to underprivileged patients fighting breast cancer.

4

Unite Civic & Corporate Leaders

Bringing together mayors, corporate leaders, IT professionals, doctors, students, and media in a shared commitment to public health.

PROVEN TRACK RECORD

PinkWalk 2023 Legacy & Impact

September 30th, 2023

4 km Route

Narayanchaur to Swayambhu

PinkWalk 2023 was a breast cancer awareness and fundraising walk organised by Cotiviti Nepal's CSR team in collaboration with Cancer Care Nepal. The walk moved through the heart of Kathmandu, raising awareness about breast cancer, promoting early detection, and raising funds to support individuals facing economic hardships in accessing treatment.

600+

Walkers Mobilized

100%

Community Driven

2023 KEY OBJECTIVES DELIVERED:

- ✓ **Raise Awareness:** Educate the community about breast cancer — its signs, symptoms, risk factors, and the importance of early detection through regular screenings and self-examinations.
- ✓ **Promote Early Detection:** Emphasise the importance of early detection and regular screenings such as mammograms, motivating individuals to schedule screenings and adopt proactive breast-health practices.
- ✓ **Community Engagement:** Encourage community participation and foster unity and solidarity among participants — families, friends, and local organisations coming together for the cause.
- ✓ **Support Life After Cancer:** Work towards reducing the burden of breast cancer, improving outcomes, and supporting those affected — toward a future free from the disease.
